Adding an Attachment

1. On the [Create Email](#) page, adding an email attachment can be found towards the bottom of the page, under the **Attachments** heading.
2. Click the **Select Files for Upload** button.
3. Find and select the file from your computer. The file will then automatically be added to the attachment list on the email.

Note

The maximum individual file size is **5 MB**; the total file size for all combined attachments is **6 MB** per email.
